Asking for Clarification

What do you mean?

Will you explain _____ again?

I have a question about that.

Disagreeing

I disagree with you because...

I got a different answer than you.

I see it another way...

Criteria for Choosing Just Right Numbers

Just right numbers are...

- numbers that are a right fit (not too easy and not too hard).
- numbers that I can read.
- numbers I can compose and decompose.
- numbers with the amount of digits I can count up to.
- numbers that help me to show I understand the goal of the lesson.

Remember! Just right numbers can change when you feel you are ready to move on.
