SAFETY - BOMB THREAT PROCEDURE

AR 2560

It is the policy of the District to require the principal or designee, upon receipt of a bomb threat, to take immediate action to protect the safety of all persons in the school. The principal shall

1. Order an evacuation of all buildings by regular fire drill procedure.
2. Notify the local police and fire departments. Notification shall include name and location of official in charge at the school.
3. Notify the Superintendent or designee.
4. Order fire drill participants to remain in pre-designated places at safe distances from all structures until clearance has been authorized by proper authorities.
