

Downey Unified School District

INSTRUCTION

EXTRA CLASS ACTIVITIES

AR 3124

All teaching days shall be devoted to the instructional program for not less than the minimum number of minutes prescribed by Education Code or California Administrative Code, Title 5, for each grade level.

Any deviation from the school day as determined by Board Policy 3124 shall be authorized by the Superintendent or designee.

Activities such as school, class, or room parties, parades, talent shows, picnics, year-end play trips, and similar non-instructional amusements shall be held only after the conclusion of the minimum day.

Activities which have been scheduled by District authorization, such as athletic field days, shall not be considered within these rules and regulations.

In order to relieve the District from liability, year-end activities shall be held only on campus unless the school or class has been officially dismissed by the principal. Children are not to be transported in other than District vehicles or by authorized District personnel in their private automobiles while acting as agents of the District.

Promotion exercises shall not be held on a schoolwide basis. Graduation is reserved for the high schools.
