EMERGENCY CARE
(Cross Reference: AR 1513)

BP 2550

It shall be the policy of the Board of Education that any person requiring emergency care due to injury or illness while on school property shall receive any necessary first aid only by a person authorized to give first aid.

The school shall notify the parents or family of the injured or ill person. If the school is unable to contact the family or a person authorized to assume responsibility for him/her, or if the injured or ill person does not carry the approved Consent to Treat form, the school shall notify the local police department to make necessary arrangements for the welfare of the person.
