

Downey Unified School District

INSTRUCTION

SCHOOL SIZE

BP 3137

It shall be the policy of the Board of Education to maintain schools of such size and enrollment which will afford students the highest educational opportunity possible and which will provide for the full utilization of school facilities.

Whenever the projected enrollment of any school falls below established District standards, the Superintendent shall assume responsibility for recommending appropriate measures. These measures may include but not be limited to conversion of schools for other purposes, closing of the schools, leasing, sale, or a combination of any of the above.
