

Downey Unified School District

INSTRUCTION

SCHOOL SITE COUNCIL

BP 3160

It shall be the policy of the Board of Education to encourage and support a strong working relationship between school staffs and the communities they serve. To reflect the goals and aspirations of the school community a forum is necessary within which community members and educators can share opinions which are present in the school-community environment.

Each school approved by the Board of Education to participate in State-funded programs requiring a school council shall establish a School Site Council.

All such councils shall be governed by administrative regulations and be in conformity with State law. Nothing in this policy and its attendant administrative regulation shall abridge the authority of the Board of Education to make policy, render decisions, and delegate the authority needed to properly manage the schools of the District.
