

Downey Unified School District

INSTRUCTION
(Special Education)

PLACEMENT OF STUDENTS

BP 3175

It shall be the policy of the Board of Education to ensure that, to the maximum extent possible, students in special education programs are educated with students who are not handicapped. Students in special education programs are to be scheduled into regular classes whenever that is possible considering the best interests of both regular and special education students. Students are to be removed from regular programs only when the nature and severity of the problem is such that education in the regular classroom cannot be achieved satisfactorily.
