

DOWNEY UNIFIED SCHOOL DISTRICT

FEES, CHARGES, AND DEPOSITS

The California constitution requires that public education be provided to students free of charge, unless a charge is specifically authorized by law for a particular program or activity. Therefore, the Downey Unified School District may not charge fees for school programs and extracurricular activities, except for those programs or activities where a fee is specifically authorized by law.

The law does allow a school district to request voluntary donations and engage in fundraising activities and programs. These donations and fundraising financial contributions are voluntary, and all students will be allowed to participate in school activities and extracurricular activities regardless of whether the parent or legal guardian makes a donation or contribution.

The fees, charges, and deposits that are legally authorized by law are as follows:

- Charges for optional attendance as a spectator at a school or District sponsored activity.
- Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law.
- Paying the replacement cost for District books or supplies loaned to a student that the student fails to return or that is willfully cut, defaced or otherwise injured, up to an amount not to exceed \$10,000.
- Fees for field trips and excursions in connection with courses of instruction or school related social, education, cultural, athletic, or school band activities, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds.
- Medical or hospital insurance for field trips that is made available by the school district.
- Charges for required medical and accident insurance for athletic team members, so long as there is a waiver for financial hardship.
- Charges for standardized physical education attire of a particular color and design, but the school may not mandate that the attire be purchased from the school and no physical education grade of a student may be impacted based on the failure to wear standardized apparel arising from circumstances beyond the control of the student.
- Charges for the parking of vehicles on school grounds.
- Charges for the rental or lease of personal property needed for District purposes, such as caps and gowns for graduation ceremonies.
- Fees for school camp programs, so long as no student is denied the opportunity to participate because of nonpayment of the fee.
