### **School Description**

It is my pleasure to introduce this annual School Accountability Report Card. The data and information contained within these pages will prove useful in informing you about our school, including, but not limited to academic standings, curriculum and instruction, school facilities and safety, budget, and facility enhancement.

A common feature of continuation high schools is that Columbus High School's student population is listed as at-risk students who are behind in credits. Students are given a chance to make up their lost credits and return to their comprehensive high schools at the semester to graduate with their original class or graduate from Columbus High School. This allows for a focus and ownership of a student's goal and their individual progress toward their high school diploma. Students are able to see exactly how many credits they currently have and exactly how many credits and classes they still need to achieve their goal.

Columbus High School is WASC accredited and earned the Model Continuation High School distinction from the California Department of Education. If you have any questions or are interested in making an appointment to discuss this report, please call our school.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

Our school provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods. The District provides maintenance services on a regular schedule or when an emergency occurs.

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. The District administers a scheduled maintenance program to ensure a suitable learning environment. At the time this report was published, all restrooms on campus were in good working order. Daily reports of incidents that require repair at the school sites are processed through work orders. Emergency repairs are given the highest priority. The remaining incidents are handled on a first-come, first-served basis to ensure efficient service.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the district office.

In 2012-13, the Administration Office received a facelift. New paint, floors, cabinets and central air conditioning and heating was installed. The grounds around the office were replanted with low maintenance plants. In 2013-14, improvement of the wireless connections in each classroom is planned.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	18	N/A	53	N/A	50	N/A
Math	1	N/A	41	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-21)

Parents and community members are very supportive of the educational program at our school. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with student needs.

Parents are encouraged to participate on one or more of the following committees or organizations:

- Parent-Teacher Association (PTA)
- School Site Council (SSC)
- English-Language Advisory Committee (ELAC)

The SSC, consisting of school staff and parents, is a major governing body that meets regularly to address programs and components that make up the school, to discuss the effectiveness of programs relative to the goals of the school, and to act as a communication liaison between the community and school.

The contact person for parent involvement is Principal Ortiz; she can be reached at (562) 904-3552.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan (School Year 2020-2021)**

Safety of students and staff is the primary concern at our school. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Monthly fire drills and disaster drop drills are conducted on a regular basis throughout the school year. A storage bin contains food, water, and other supplies for use during a disaster.

Our school is a closed campus. All visitors are required to sign-in at the school's office. Before school, after school, and during lunch administrators and other campus supervisors monitor activity and ensure student safety.

A Comprehensive School Safety Plan, which is reviewed annually, was developed by the school staff to provide students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies. The school safety committee and district personnel evaluate the plan annually and update the plan as needed. The Comprehensive School Safety Plan was last revised in October.

**Suspensions and Expulsions**

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	8.2	7.2	2.9	3.4	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

**Suspensions and Expulsions for School Year 2019-2020 Only**

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	8.2	2.6	
Expulsions	0	0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

**D. Other SARC Information**

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

**Professional Development (Most Recent Three Years)**

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	5	2	14

The primary areas/focus for staff development for our Secondary teachers in grades 6 to 12 are in the areas of ELA, Math, History and Science. The topics for professional development were focused on the Professional Learning Community (PLC) Process which included selecting essential standards, creating district-wide common formative assessments and implementing data driven interventions. Another area of focus was on the effective technology integration in teacher instruction. Each professional development was differentiated by PLC and the topics covered were dependent upon the needs of the PLC. Professional development was delivered through all day workshops led by our Instructional coaches, their weekly PLC meetings, and site-based professional development led by administrators.
