Warren High School

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

For over 50 years Warren High School has offered a strong academic and co-curricular program to its students. Warren High offers many Honors and Advanced Placement (AP) level courses, as well dual enrollment opportunities. Our nine highly specialized Career and Technical Education (CTE) pathways offer students hands on experience in state of the art facilities with industry level equipment and possible certification in the fields of Animation, Construction Technology, Culinary Arts, Film and Television, Photography, Project Lead the Way (Bio-med, Computer Science, and Engineering) and Make-up Artistry. Our Advancement via Individual Determination (AVID) program helps students who are the first in the family to go to college to complete the college entrance requirements. The program enjoys a 95% acceptance rate to four-year colleges and universities for seniors completing the program. A wide range of academic and scholarship recognitions are offered, including the California Scholarship Federation program and the Distinguished Graduate program.

In addition to the academic program, Warren High School offers outstanding co-curricular programs including twenty-six different athletic teams for boys and girls. Students at Warren have the opportunity to participate in award winning fine arts programs which include vocal and instrumental music, art, as well as theatre and dance. The school has a dynamic student activities program which includes a large number of service focused clubs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)	
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

School Facility Conditions and Planned Improvements

Our school provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods. The District provides maintenance services on a regular schedule or when an emergency occurs.

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. The District administers a scheduled maintenance program to ensure a suitable learning environment. At the time this report was published, all restrooms on campus were in good working order. Daily reports of incidents that require repair at the school sites are processed through work orders. Emergency repairs are given the highest priority. The remaining incidents are handled on a first-come, first-served basis to ensure efficient service.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the district office.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Downey Unified operates 16 Career Technical Education pathways. The following are listed by industry sector and are offered at both high schools unless otherwise indicated in parentheses. The following pathways are offered under the Arts, Media, & Entertainment industry sector: Animation (WHS), Dance (DHS), Film & Video Production (WHS), Graphic Design (DHS), Multimedia Video Production (DHS), Photography & Digital Imaging. In the Building & Construction Trades industry sector, we offer Construction Technology (WHS). In the Engineering & Architecture sector, both schools offer an Engineering pathway. In the Education & Family Services sector, we offer Principles of Education (DHS). In the Fashion and Interior Design sector, we offer Makeup Artistry (CHS and WHS). Within the Health Science & Medical Technology sector, we offer Biomedical Science and Sports Medicine (DHS). In the Hospitality, Tourism & Recreation sector, we offer Culinary Arts (WHS) and Food Science Dietetics and Nutrition (DHS). Within the Information & Communication Technologies sector, we offer Game Programming at both comprehensive high schools. In the Manufacturing & Product Development sector, we offer Machining and Forming (DHS). Within the Public Services sector, we offer Law Enforcement (DHS) and Legal Practices (DHS). In the Transportation sector, we offer Automotive Technology (DHS).

All the courses offered are conducted by Downey Unified and every pathway consists of a two or three course sequence that ends in a capstone. The following pathways are two-course sequenced: Multimedia Video Production, Photography & Digital Imaging, Engineering, Principles of Education, Sports Medicine, Game Programming, Makeup Artistry, Culinary Arts, Law Enforcement, and Legal Practices. The following pathways are three-course sequenced: Animation, Dance, Graphic Design, Film & Video Production, Construction Technology, Biomedical Science, and Automotive Technology. The following pathway is four-course sequenced: Engineering.

Our District partners and advisory group consist of the following:

Consultants: Bayha Group- Education, Resource Development; Carrot-STEM Consultant; 2 CPR Group-Arts, Media & Entertainment; 2 Degree Shift-Pathway and Publication Development, Ryan Zervakos-LinkedIn Consultant. State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We have numerous ways for parents and community members to participate in the life of our school. Many are very supportive of the educational program at Warren High. Staff members, community members, and parents participate in various organizations that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with student needs.

Parents are encouraged to participate on one or more of the following organizations:

- Parent-Teacher Association (PTA)
- School Site Council (SSC)
- English-Language Advisory Committee (ELAC)
- A booster group, such as band, football, baseball, etc.

The contact person for parent involvement is Dr. White; she can be reached at (562) 869-7306, extension 5800.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety of students and staff is the primary concern at our school. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster drills are conducted on a regular basis throughout the school year.

Our school is a closed campus. Using a newly installed Raptor System, visitors are required to check in at the front office; their state ID card is scanned, cleared and the guest is given a visitor's pass with their picture on it. Before school, after school, and during lunch administrators, campus security assistants, and other campus supervisors monitor activity and ensure student safety.

A Comprehensive School Safety Plan, which is reviewed annually by district personnel and the police department, was developed by the school staff to provide students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: child abuse reporting procedures, teacher notification of dangerous pupils procedures, disaster response procedures, lockdown procedures, procedures for safe arrival and departure from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies. The school safety committee and district personnel evaluate the plan annually and update the plan as needed. The Comprehensive School Safety Plan is updated annually.

Professional Development

The pandemic precipitated many changes for our students and schools. We are still determining the full scale of the impact of this pandemic on our students with regard to unfinished learning.

This year we will begin foundational work for creating change within our schools that will support our students academically and in their social emotional well-being. We have an opportunity to offer our students a reimagined education that fosters their growth and development in a learning environment that meets their needs. Therefore, Secondary Education staff development will focus on the following:

- * Implement a robust technology integration model that utilizes one-to-one device instruction to facilitate engagement and provide opportunities for small group interventions.
- * Support Professional Learning Communities (PLCs) in aligning essential standards for all core areas providing a guaranteed and viable curriculum to ensure equity for all students.
- * Implement a multi-faceted approach of Academic Interventions that would include Tier 1 (during the period strategies from the classroom teacher) and Tier 2 strategies (intensive intervention strategies that occur outside of the classroom period).
- * Implement social emotional learning (SEL) approaches that would continue to utilize PBIS and Capturing Kids Hearts Strategies as well as select curriculum resources to support students' social competencies necessary for academic and life success such as resiliency, self-management, and responsible decision-making.
- * Support the middle school categorical teachers, high school PD site coaches and Technology Teacher Leaders (TTLs) by providing training to enable them to coach their staff on technology integration best practices that will further foster the PLC process.
- * Continue building capacity within our teachers in the co-teaching model to ensure success for all students in the new graduation requirements.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
