2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

It is my pleasure to introduce this annual School Accountability Report Card. The data and information contained within these pages will prove useful in informing you about our school, including but not limited to academic standings, curriculum and instruction, school facilities, budget, and facility enhancement.

As you read our School Accountability Report Card, you will see a school that ensures every child has equal access to a rigorous standards based core curriculum in language arts, mathematics, science, and social studies. The hard-working staff is both skilled and dedicated to the success of our students. Downey High supports the district vision that all students graduate with a 21st Century education that ensures that they are college and career ready, globally competitive and citizens of strong character. The parents and the community organizations are very supportive.

Our goal in presenting you with this information is to keep our community well informed. If you have any questions or are interested in making an appointment to discuss this report, please call our school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

School Facility Conditions and Planned Improvements

Our school provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods. The District provides maintenance services on a regular schedule or when an emergency occurs.

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. The District administers a scheduled maintenance program to ensure a suitable learning environment. At the time this report was published, all restrooms on campus were in good working order. Daily reports of incidents that require repair at the school sites are processed through work orders. Emergency repairs are given the highest priority. The remaining incidents are handled on a first-come, first-served basis to ensure efficient service.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the district office.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	32	28	34	37	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2023-24 Career Technical Education Programs

Downey Unified operates 23 distinct Career Technical Education pathways. All the courses offered are conducted by Downey Unified and every pathway consists of a two-course sequence that ends in a capstone. The following are listed by industry sector. Pathways offered under the Arts, Media, & Entertainment industry sector include: Dance/Choreography (DHS), Film & Video Production (WHS), Graphic Design (DHS), Photography & Digital Imaging (DHS), and Multimedia Video Production (DHS). In the Building & Construction Trades industry sector, we offer Residential and Commercial Construction (WHS). In the Business and Finance industry sector, DHS offers Business Management. In the Engineering & Architecture sector, DHS offers an Engineering pathway. In the Education & Family Services sector, we offer Principles of Education (DHS). In the Fashion and Interior Design sector, we offer Personal Services: Makeup Artistry (CHS, DHS, and WHS). Within the Health Science & Medical Technology sector, we offer Biomedical Science (DHS), Patient Care: Sports Medicine (DHS, WHS), and Biotechnology (DHS, WHS). In the Hospitality, Tourism & Recreation sector, we offer Culinary Arts (WHS) and Food Science, Dietetics, and Nutrition (DHS). Within the Information & Communication Technologies sector, we offer Computer Science: Game Programming (WHS, DHS), and Audiovisual Technologies (WHS). In the Manufacturing & Product Development sector, we offer Machining and Forming/Advanced Manufacturing (WHS, DHS), Plastics Engineering & Sustainability (WHS), Mechatronics (WHS), and Welding and Materials Joining (CHS, DHS, and WHS). In the Transportation sector, we offer Automotive Technologies: Maintenance and Light Repair (DHS) and Alternative Fuels Service Technician (DHS).

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

We have many ways for parents and community members to participate at Downey High School. Parents have the opportunity to participate in groups such as:

- Parent-Teacher Association (PTA)
- English-Language Advisory Committee (ELAC)

Booster groups for our athletic and music programs

Our counseling office hosts grade specific parent nights to inform and support parents as their children navigate high school.

The PTA sponsors refreshments at school functions such as Senior Awards Night and Teacher Appreciation luncheons, and meets regularly to discuss current school issues. We ask all parents to attend Back-to-School Night in the fall and Open House in the spring.

The contact for parent involvement is Principal Houts; he can be reached at (562) 869-7301.

2024-25 School Safety Plan

Safety of students and staff is the primary concern at our school. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire drills and disaster drop drills are conducted on a regular basis throughout the school year. A storage bin contains food, water, and other supplies for use during a disaster.

Our school is a closed campus. All visitors are required to sign-in at the school's office. Before school, after school, and during lunch administrators and other campus supervisors monitor activity and ensure student safety.

A Comprehensive School Safety Plan, which is reviewed annually (in September), was developed by the school staff to provide students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: child abuse reporting procedures, teacher notification of dangerous pupils procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies. The school safety committee and district personnel evaluate the plan annually and update the plan as needed. The School Safety Plan was last revised in October.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2023-24 Types of Services Funded

Students with academic needs are provided support before, during, and after school. Title I funds are utilized to provide targeted academic intervention in the core academic areas of English Language Arts and Mathematics. Title III funds are utilized to provide targeted support for our Multi-Lingual Learners in acquiring English language proficiency and meeting grade-level standards in the core content areas. LCAP Supplemental/Concentration funds are utilized to provide additional in-class support for students with academic needs, provide opportunities for students to extend and apply their learning, provide social-emotional and behavioral support, and extend student learning beyond the instructional day.

Professional Development

Secondary Education has identified three professional development priorities for our schools this year: Excellence in Teaching and Learning, Student and Staff Wellness, and Teacher Collaboration and Learning.

All of our professional development is centered around these three priorities (Excellence in Teaching and Learning, Student Staff Wellness, and Teacher Collaboration and Learning).

Implement a robust technology integration model that utilizes one-to-one device instruction to facilitate engagement and provide opportunities for small group interventions.

Support Professional Learning Communities (PLCs) in aligning essential standards for all core areas providing a guaranteed and viable curriculum to ensure equity for all students.

Implement a multi-faceted approach of Academic Interventions that would include Tier 1 (during the period strategies from the classroom teacher) and Tier 2 strategies (intensive intervention strategies that occur outside of the classroom period).

Implement social emotional learning (SEL) approaches that would continue to utilize Capturing Kids Hearts Strategies as well as select curriculum resources to support students' social competencies necessary for academic and life success such as resiliency, self-management, and responsible decision-making.

- Ensure all teachers are equipped with effective English Language Development (ELD) strategies to support multilingual learners across the four domains: Reading, Writing, Listening, and Speaking, with the goal of facilitating reclassification for secondary education students.
- Strengthen our inclusive practices by continuing to build capacity within our teachers in the co-teaching model to ensure success for all students in our rigorous graduation requirements. Strengthen our push-in model by training our Senior Instructional Assistants.
- Develop a comprehensive TK-12 Strategic Plan for Visual and Performing Arts that outlines specific goals, timelines, and resources to support the expansion and enhancement of arts programs across all grade levels.
- Provide all staff with an understanding of the DUSD Equity Plan that supports and provides resources to improve our practices in acknowledging and addressing issues of safety, inequality, discrimination, accountability, and systemic racism within our school system and community through our Human Relations Council updates and equity plan workshops.
