2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

It is our pleasure to introduce this annual School Accountability Report Card. The data and information contained within these pages will prove useful in informing you about our school, including, but not limited to academic standings, curriculum and instruction, school facilities and safety, budget, and facility enhancement.

OUR MISSION

Doty Middle School is dedicated to improvement. Our motto, "Developing Opportunities for Today's Youth," illustrates our commitment to refine, enhance, and advance in every area of our school. Doty Middle School staff, students and parents strive to develop and sustain a school and school culture characterized by the following:

2025-26 School Description and Mission Statement

1. A learning environment that is safe, orderly, clean, and well maintained.
2. Facilities, materials, and technology that are up-to-date.
3. Collaboration and support from parents and community that is promoted, highly valued, and pervasive.
4. Curriculum that is rigorous, aligned with State Standards, and marked by high academic expectations.
5. Instruction that is creative, enthusiastic, and student-centered.
6. A collegiality among faculty and staff united in their support of student achievement.
7. Personal integrity, good character, and upright conduct that is promoted, evidenced, and expected of all.
8. Curricular and extra-curricular activities that are comprehensive in focus to develop the “whole child.”
9. Administration that is supportive, motivational, consistent, trustworthy, and a role model for others.
10. Students that promote from Doty Middle School are well prepared academically and otherwise for high school and life.

OUR VISION

Developing Opportunities for Today's Youth through building strong foundations for success in high school, college, and life.

Our goal in presenting you with this information is to keep our community well-informed. If you have any questions or are interested in making an appointment to discuss this report, please call our school.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

School Facility Conditions and Planned Improvements

Our school provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods. The district provides maintenance services on a regular schedule or when an emergency occurs.

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. The District administers a scheduled maintenance program to ensure a suitable learning environment. At the time this report was published, all restrooms on campus were in good working order. Daily reports of incidents that require repair at the school sites are processed through work orders. Emergency repairs are given the highest priority. The remaining incidents are handled on a first-come, first-served basis to ensure efficient service.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the district office.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at our school. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with student needs.

Parents are encouraged to participate on one or more of the following committees or organizations:

- Parent-Teacher Association (PTA)
- School Site Council (SSC)
- English-Language Advisory Committee (ELAC)

The SSC, consisting of school staff and parents, is a major governing body that meets regularly to address programs and components that make up the school, to discuss the effectiveness of programs relative to the goals of the school, and to act as a communication liaison between the community and school.

The contact person for parent involvement is Principal Fleming; he can be reached at (562) 904-3586.

2025-26 School Safety Plan

Safety of students and staff is the primary concern at our school. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Monthly fire drills and disaster drop drills are conducted on a regular basis throughout the school year. A storage bin contains food, water, and other supplies for use during a disaster.

Our school is a closed campus. All visitors are required to sign-in at the school's office. Before school, after school, and during lunch administrators and other campus supervisors monitor activity and ensure student safety.

A Comprehensive School Safety Plan, which is reviewed annually, was developed by the school staff to provide students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: child abuse reporting procedures, teacher notification of dangerous pupils procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies. The school safety committee and district personnel evaluate the plan annually and update the plan as needed. The School Safety Plan was last revised in October.

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	30	3	11	18
Mathematics	34	0	7	19
Science	34	0	7	19
Social Science	34	0	6	20

2023-24 Secondary Average Class Size and Class Size Distribution

This table displays the 2023-24 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

Fiscal Year 2024-25 Types of Services Funded

Students with identified academic needs are provided targeted support before, during, and after the instructional day. Title I funds are used to provide focused academic interventions in core subject areas. Title III funds provide resources for multilingual learners in developing English language proficiency and meeting grade-level standards across core content areas. In addition, LCAP Supplemental and Concentration funds are utilized to strengthen in-class academic support, expand extended and applied learning opportunities, provide social-emotional and behavioral supports, and extend learning beyond the traditional school day.

Professional Development

Secondary Education has identified three core professional development priorities for all schools: Excellence in Teaching and Learning, Student and Staff Wellness, and Teacher Collaboration and Learning. All staff development efforts are intentionally designed to support these priorities and strengthen instructional practices across all campuses.

To advance Excellence in Teaching and Learning, educators engage in ongoing professional development that emphasizes effective instructional design, purposeful checks for understanding, and the use of small group instruction to address diverse

Professional Development

learner needs. Teachers receive training on strategies to monitor student progress and implement timely reteaching when needed.

A major focus of staff development includes technology integration and digital learning. Teachers participate in targeted professional development on instructional technology tools, classroom applications, and one to one device integration. These trainings ensure that teachers are equipped to:

- Use technology intentionally to enhance instruction,
- Support students in building digital literacy and academic technology skills,
- Facilitate differentiated learning through small group digital tools,
- Leverage platforms that offer immediate feedback to check for understanding, and
- Integrate digital resources that increase engagement and access for all learners.

Teachers engage in continuous improvement through Professional Learning Communities (PLCs). PLCs collaborate to identify essential standards, analyze student work, and develop a guaranteed and viable curriculum across all core content areas. This collaborative structure ensures instructional coherence and equity for all students.

To support students needing additional academic assistance, the district implements a multi tiered approach to intervention.

- Tier 1 interventions occur during regular instructional periods and include core classroom strategies, differentiation, and flexible grouping.
- Tier 2 interventions provide more targeted support outside of the classroom period through intensive, research based programs and teacher led interventions.

In alignment with the priority of Student and Staff Wellness, campuses continue to implement Social Emotional Learning (SEL) practices using Capturing Kids' Hearts strategies and selected SEL curriculum resources. Professional development in this area prepares staff to help students develop resiliency, self management, responsible decision-making, and other competencies essential for academic and life success.

Teachers also participate in professional development focused on English Language Development (ELD). Training emphasizes the integration of designated and integrated ELD strategies across the four literacy domains: reading, writing, listening, and speaking. This work supports multilingual learners in making progress toward reclassification and successful participation in rigorous secondary coursework.

To strengthen inclusive practices and ensure access for all students, the district continues to build capacity in co teaching teams. General education and special education teachers collaborate to plan and deliver instruction that supports students in meeting rigorous graduation requirements. Senior Instructional Assistants also receive targeted training to enhance the effectiveness of the push in model.

Additionally, staff development includes work aligned with the district's comprehensive TK 12 Visual and Performing Arts (VAPA) Strategic Plan, which outlines goals, timelines, and resources to expand and strengthen arts instruction across all grade levels.

All staff receive ongoing training and updates aligned to the DUSD Equity Plan. These sessions support educators in recognizing, addressing, and preventing issues related to safety, inequality, discrimination, systemic racism, and accountability. This work reinforces the district's commitment to providing safe, inclusive, and culturally responsive learning environments for all students.
