

Special Olympics World Cup and USA Games Recognition

Overview

Downey Unified School District recognized student-athletes who participated in the Special Olympics World Cup and Special Olympics USA Games. These students represented their schools, community, and country through competition, sportsmanship, and dedication to excellence.

Student Achievement

The presentation highlights the accomplishments of student-athletes who competed at high levels of Special Olympics competition. Participation in these events reflects the athletes' hard work, commitment, and perseverance both in athletics and in their personal development.

District Recognition

The Board of Education acknowledged and celebrated the achievements of these student-athletes and the positive example they provide for the Downey Unified community. Their participation demonstrates the values of inclusion, determination, teamwork, and leadership.

Impact

Through Special Olympics competition, students develop confidence, athletic skills, friendships, and opportunities for personal growth while representing Downey Unified on regional, national, and international stages.
